

Easter 2024 Prayer Letter

**"I am the resurrection and the life.
The one who believes in me will live,
even though they die.**

John 11 v 25 NIV

In this verse Jesus looks ahead to the end of life and comforts us that even though our physical body will die, we will live eternally spiritually with Him. At a time of continuing change in our nation and with the uncertainty that wars and conflicts in other parts of the world bring, it is comforting to remember the message of Easter and the certainty and fresh hope that comes with it. Jesus is alive, he has defeated death and sin. He holds the power to make all things new. We will live with him in eternity.

We're thrilled to announce our recent move to Stonehouse Creek! This period is filled with emotion for us, yet the enthusiasm for our new surroundings and the enhanced support we can offer is truly heartening. We're eager to make a positive impact and assist those in need with our expanded capabilities.

If you would like to come for an arranged visit please contact one of the events team, Kristy.winters@shekinah.co.uk or Daniela.austin@shekinah.co.uk.

We would like to encourage people to make a donation to us instead of buying easter eggs this year and would like to ask whether you would recommend this to your congregation for us please.

This Easter, may the renewal of life and the promise of hope fill your heart with joy. As the earth awakens with the season's beauty, let it remind you that every day is a chance for renewal and growth. May this Easter inspire you with a fresh sense of optimism, encouraging you to believe in the brightness of tomorrow. Wishing you an Easter filled with peace, love, and the warmth of family and friends.
