

Shekinah Prayer Letter June 2026

**Be completely humble and gentle;
be patient, bearing with one another in love.
Ephesians 4:2 (NIV)**

Our CEO John Hamblin has recently updated his blog reflecting on the question he is often asked ‘What do you do at Shekinah?’ He observes that Shekinah is actually defined not by the things it does but by how it does them. He notes that true and lasting change is actually coming about by prioritising connection over process and people over outcomes, and by taking the approach that it’s not about doing things to people, or even for people but about doing things with people. This month we draw our prayer requests from his blog and we would be grateful for prayer that:

relationships would continue to be at the heart of everything we do and that everyone who walks through our doors would experience a genuine sense of belonging, value, and in particular, hope.

through authentic relationships, trust would be nurtured, creating the foundation for lasting, meaningful change.

our teams, within their busy time frames would have wisdom, patience and compassion to walk alongside each client, going at their individual pace.

Thank you for standing with us in prayer.
