

Shekinah Prayer Letter, November 2026

We're delighted to share that Rat Rides CC will be hosting Cranksgiving 2026 on 28 November. Part scavenger hunt, part food drive the event combines cycling, community spirit and giving back, bringing riders together for a fun-filled challenge while helping those who need it most. Every mile ridden will help raise money to support Shekinah's work. If you would like to take part, although tickets are going fast, there is still time to book! Please join us in praying for the success of this innovative event.

This month as the weather turns colder and the nights grow longer, we would like to lift up not only our clients, but also the shelters, food banks and outreach teams across the city who work tirelessly to support those in need.

Loving God,

We lift up to you those in our community facing hardship and homelessness. We pray that they may know warmth, safety and the reassurance that they are valued and loved.

We give thanks for the shelters, food banks and outreach teams who faithfully support those in need. Bless their work with renewed strength, wisdom, and compassion, and provide the resources they need to meet every challenge.

Amen.
