

Shekinah Prayer Letter, October 2026

On 10th October, communities across the globe will come together once again to mark World Homeless Day. This annual event raises awareness of the realities of homelessness and is a call to examine how we, as communities, organisations and individuals, can create conditions where everyone has the opportunity to belong and thrive. If you would like further information or would like to take part please click [here](#).

We are introducing a video prayer on our website as an additional prayer resource, recognising that not everyone may feel confident about what to pray. It can also help those who may not be able to attend a church service or prayer meeting, allowing them to watch and pray at a time and place that suits them. If you would like to view the video prayer please click [here](#).

Lord,

On this special day we bring before you all those who have no place to call home, those sleeping in shop doorways, on park benches, those whose days are shaped by hunger, hardship and uncertainty. We remember the loneliness and fear that homelessness can bring. May your loving presence bring them comfort and remind them that they are never forgotten or alone.

May every person know the dignity of a safe place to rest and the reassurance that they are loved and valued.

May they find strength for each new day and hope that carries them through every challenge they face.

**We ask this in Jesus' mighty name,
Amen.**
